

Instructions on how to purchase your Monthly Pass:

If you were unable to attend the recent free informational meeting regarding the new Weight Watchers Monthly Pass, and are interested in joining, the following is all the information you will need to get signed up for the At Work program.

As I mentioned in my first email about this, there will no longer be 13-week sessions to pay for; from now on, the program will be paid for on a monthly basis, via a web portal set up specifically for King County. The cost will be \$39.95 per month and includes free eTools. That is an average of \$9.99 per week, versus the current price of \$10.94 per week. Information on accessing the web portal is below:

The Employee Portal URL: <https://wellness.weightwatchers.com>

The Company ID: 33139

The Company Passcode: WW33139

When registering, please enter our meeting location – i.e. “King Street Center” - in the Company Address space. The program will then ask you to “find a meeting”. Because we don't have anyone signed up yet, the King County At Work meeting locations are not going to show up. What will show up, are current community meetings. There is a “buy a monthly pass” button on each meeting. You can purchase your Monthly Pass at the special At Work \$39.95 rate by clicking on any of these boxes. You are NOT committing to a particular center when you do this, you are simply purchasing the Monthly Pass, allowing yourself access to any center in the community, and getting the ball rolling for getting our At Work Meetings started again. No meetings will be scheduled in King County locations until we have at least 20 people signed up and paid through this new process.

Please note: if you are a current WW @ Work member and have free eTools, you will need to cancel the membership before signing up for the monthly pass (eTools membership is free with the monthly pass and if you don't cancel the one you already have, you will be billed for it). Here is the phone number to call to cancel: **1-866-204-2885**. This hotline can also be used to get assistance with the signing up process if you have any problems.

As you know, the Healthy Incentives program starts in January, and Weight Watchers @ Work is one of the activities you can do in order to earn Gold status, so now would be the perfect time to get signed up so we can get the meetings started again as early in January as possible.

If you have any questions, please feel free to contact me or check out the King County Weight Watchers @ Work website at <http://www.kingcounty.gov/employees/HealthMatters/PersonalHealth/WeightMgmt/TakeAction/atWork.aspx>

Thank you!
